STRENGTHS

I possess strong communication skills as well as effective leadership qualities, which do allow me to connect well with others plus guide teams confidently. I am quite a fast learner also, able to grasp new concepts so quickly. Changing environments are also something I can adapt to. Because I can learn quickly, I solve problems, along with decision making skills.

PROJECTS/ OPEN-SOURCE

Smart Attendance System   **Python**

Developed a Smart Attendance System using Python and the Flask framework. The system incorporates a unique method for attendance tracking by using a QR scan to identify student's attendance based on their device's unique IMEI number. This ensures accurate and secure attendance records.

SKILLS

- Programming Language: C++, Python , java script
- Platforms: Html, CSS, VS code, Github, Git, OOP
- Databases SQL
